

# EVERCAM

CONSTRUCTION CAMERAS

## PROMOTE

Showcase your work with construction timelapse videos and live streaming.

- ✓ Build brand exposure
- ✓ Reach a wider audience
- ✓ Enhance marketing / sales tools

## COLLABORATE

Empower Project Managers with the right image at the right time.

- ✓ Share Progress
- ✓ Have live & immediate access
- ✓ Access Anywhere

## AVOID DISPUTES

Don't just win arguments, avoid them. You own the evidence.

- ✓ Own the evidence
- ✓ Share footage
- ✓ Entire Project Duration

## FEATURES

### LIVE VIEW

Enjoy a live view of your construction site from anywhere. Use your mobile, laptop or tablet from the office, on the road or even on-site.

### SHARE

Simply enter an email address to share live and recorded footage.

### TIMELAPSE

Make beautiful timelapse videos of your construction project. Watch the build grow from start to finish in a couple of minutes.

### SNAPMAIL

Snapmail is a perfect way to send a regular, scheduled reminder about all the key events and project milestones.

### RECORD

Record high-resolution images for every second of the construction site progress. This gives you a full recording of the entire duration of the project from green field to handover.

### COMPARE

Compare before and after images from any point in time. Embed these neat visual aids on your website or promotional material.

### ZOOM

Powerful optical and digital zoom to focus in on important details.

### SOCIALISE

Easily share key events, clips or jpegs to your social media channels, FB, Twitter, LinkedIn etc.
